## Safety & Liability

### Health Screening

It is not the responsibility of the Walking Football Leagues Alliance to carry out health checks on players entering tournaments or leagues.

Whilst the WFLA will continue to organise medical cover via St. John Ambulance during its 'Finals' it should be presumed that clubs will have done their own screening, as amongst the age group of the players some will generally have some sort of medical condition, therefore ***it is recommended that each team have a qualified first aider.***

The FA run first aid courses and further details and where to find a course local to you can be found here -

### Safety During Match Play

- Boots with metal studs or blades are not allowed. All players footwear and the use of shin pads will be checked by the referees. Any player with metal studs or blades or will not be allowed to play unless the footwear is changed.
- Shirts and bibs must be numbered.
- Captains must wear an armband.
- All teams must have a colour change available, or bibs, where a clash of colours occurs with opponents or the referee.
- A player must not use equipment or wear anything that is dangerous to themselves or another player, including any kind of jewellery. Jewellery, which is potentially dangerous, but cannot easily be removed, should be taped.
- Shin pads are compulsory and footwear that is appropriate for the pitch being played on must be worn. Failure to do so will mean players will be excluded on the day.
